EXPERIENCE

2022 - PRESENT **Web Developer Jr**

Above Zero | El Salvador (Remote work in Argentina)

Responsible for the development and implementation of both back-end and front-end, including the creation of themes and plugins for WordPress and Shopify. This involves establishing and guiding the website architecture, ensuring high performance, and managing all technical aspects of the content management system (CMS). I formulate effective designs and transform them into functional themes and plugins, update content and images, as well as build custom elements.

2021 - 2023 **Web Developer Tutor**

Coderhouse | Argentina

In my role, I have showcased my ability to provide detailed feedback corrections from students throughout their experience, consistently achieving scores in the range of 4.8 to 5.0 in the ranking. Actively participating in classes by contributing examples and supporting the instructor has allowed me to capture students' attention and enhance their educational experience. Additionally, I have conducted weekly After Class sessions, generating notable satisfaction levels among students and significantly improving their understanding of the topics covered.

2017 - 2022 **Sales and Customer Service**

Aerolineas Argentinas | Argentina

Throughout my career, I have excelled in advising clients on the company's services and operations, always recommending the most favorable option to optimize time and quality of service for passengers. My ability to accurately record passenger reservations has been crucial in ensuring efficient management. Additionally, I possess extensive knowledge of the flights operated by the company and alliances with other airlines, achieving standout recognition as an AR Plus operator.
